Wedding Policy

Prerequisites

At least one person of the couple must either be a Hillside Church member or an active attender of Hillside for at least six months.

Pre-marriage counseling

Any couple wishing to be married at Hillside Church or by a member of the Hillside Church pastoral team must complete pre-marriage counseling.

The pre-marriage counseling requires the engaged couple to work with a trained mentor couple from our marriage ministry for six sessions or more if needed. These sessions are designed to help couples learn the biblical view of marriage in the areas of communication, faith, family, money, sexual intimacy, and other pertinent topics. We also require that the couple is not living together and is abstaining from physical intimacy.

Completion qualifies the couple for the state marriage license discount.

Pastoral requirements

All wedding ceremonies held at Hillside Church must be officiated by a Hillside Church pastor.

Times

Weddings will be booked no more than 9 months in advance and may be held at the times listed below. All dates will be subject to our facility availability.

- Mondays-Thursdays - Subject to facility availability
- Fridays - Wedding ceremonies must start not later than 7:00 p.m.
- Saturdays - Weddings may begin no earlier than 9:00 a.m. and start no later than 4:00 p.m. Everything must be removed from the facility by 5:00 p.m. This is subject to change if Saturday church services are in effect.

If you can't hold your wedding at Hillside Church, we will do our best to provide a pastor for your ceremony. The Hillside pastoral team is not allowed to marry couples onsite or offsite without pre-marital counseling.

Facilities

If you be getting dressed at the church, please note that, except for in the restrooms, there may not be mirrors provided in the dressing rooms. You are welcome to bring your own mirrors into the dressing rooms. Along with our Foyer and Sanctuary, we will provide our Green Room as an area for women to get ready and our Conference Room as an area for men to get ready.

Our sanctuary seats 300 guests and can accommodate technical requests such as amplification and music through the main sound system. If you would like to use our screens, please provide your wedding tech the images you would like. Our screens are 1920x1080 widescreen format.

Rehearsal dinner and reception

Hillside Church does not provide any catering services, does not have a commercial kitchen, and cannot accommodate any rehearsal dinners or receptions.

Wedding rehearsal

Rehearsals can be scheduled either the day before or on the day of the ceremony. All rehearsals are subject to facility availability. You will need to schedule the day and time of your rehearsal at the time you book your wedding date. Everyone in the bridal party as well as all ushers and musicians need to be in attendance at the rehearsal.

Decorating and equipment

It is our policy that we do not remove decorations to accommodate weddings. You will have to work with what is on the stage at the time. We will do our best to assist you in making your wedding beautiful, but do not plan on having a blank stage to work with. Please take this into consideration when planning your photography.

Should you choose to procure any additional equipment for your wedding setup, please note that those and/or rented items must also be removed from the facility at the conclusion of your wedding.

Wedding coordinator

Once your wedding has been booked, you will be connected to your Hillside wedding coordinator. She will assist you through the process of planning your day at Hillside and can help you with any on-site questions. She will also assist with your rehearsal (if applicable). Of course, you can always contact your coordinator with questions at any appropriate time.

Technical elements

Your wedding fees include the hiring of one audio/visual technician who will see to the proper lighting, sound, and display preferences for your service. Your assigned technician will attend your rehearsal and see that the set-up fits your needs. Our sound technician will review any media so please make sure your media choices are appropriate for a church setting.

Custodial assistance

The custodians will prepare the facility for the wedding. It is your responsibility to remove all personal items, food and décor from the facility following the ceremony. We recommend that you designate a friend or family member to ensure that nothing is left behind. It is also your responsibility to make sure the bridal party rooms are clean and in order before leaving the church.

Musicians

Hillside Church does not make any arrangements for musicians at your ceremony. If you would like a member of the Hillside Church team to perform at your wedding, we would be happy to provide you with their contact information; however you are responsible for negotiating the details and fees with that individual. Remember that any musicians need to be in attendance at your rehearsal.

Photo and video

Sanctuary/Foyer: All wedding photos should be completed a minimum of 60 minutes prior to the wedding. This allows time to have sound checks for the musicians, and also allow adequate time for the guests to be seated prior to the ceremony. The video equipment in Hillside's sanctuary is not available for wedding use. You are welcome to bring your own video camera or hire a videographer if you'd like your wedding to be recorded.

Many couples find it helpful to provide snacks for their bridal party during the 60 minutes after photos and before the ceremony begins. Please refer to the building restrictions when planning these refreshments.

Building guidelines

Because we are concerned about preserving the condition of our facility, we have established the following guidelines and restrictions. Please relay the following information to your wedding party so as to avoid any misunderstandings:

Costs

Your fees at Hillside Church include the cost of your pastor, pre-marital counseling, facility use, sound technician, coordinator, and custodian. The fee to have a wedding at Hillside is \$800.
